

# TriLyte/Colyte/Nulytely/ Golytely and Bisacodyl Tablet Prep OR Halflytely and Bisacodyl Tablet Prep

Take all four (4) bisacodyl tablets with water at 12:00 PM (noon). Do not crush or chew the tablets. Do not take bisacodyl tablets within one (1) hour of taking an antacid.

Mix the solution with tap water to the top of the line on the bottle. Cap the bottle and shake well to dissolve the powder. The solution will be clear and colorless. Refrigerate the solution after mixing.

After you have your first bowel movement by 6:00 PM (whichever comes first), start drinking the solution. Drink one 8 oz. glass every 10-15 minutes. Drink all of the Halflytely solution. Other solutions: may stop drinking after bowel movements have become clear. Clear= may be green-or yellow-tinged, but no solid particles will be present.
